TURN UP THE

# H.E.E.T.

The ergonomic design of the H.E.E.T. lounge puts your body in total serenity. The contours allow ultimate relaxation without the feeling of buoyancy. Sixteen (16) strategically-placed jets massage your back, legs and thighs, while two (2) Carpal Tunnel jets massage your hands. And if that's not enough, we added the Max Massage Jet that is unlike any other in the industry, with fourteen (14) different ports delivering an exhilarating massage. The unique entrance area allows for easy access in and out of the spa, as well as doubles as a "cool off" seat for relaxing out of the water or for small children.
