Bay & Bow Windows

# Our quality shines through from every angle!

Five lite bow window

Four lite bow window

Box Bay

- Custom Design-Three lite & four lite bays are available in 15°, 30°, 45° and 90° styles. Bow windows styles include three, four, five and six lite designs.
- Cabinetmaker Quality Construction - 1-1/4" Class A, furniture grade, hand selected oak or birch hardwood veneer plywood construction.
- Solid Wood Mullions - The mullions are constructed utilizing Timberstrand laminated lumber. The mullions are anchored to the head and seat with 6" lag bolts.
- Adjustable Turnbuckle Cabled Hanging System - (STANDARD ON ALL UNITS) Eliminates the need for unsightly external braces, the bay or bow is supported from the top of the window and is anchored to the home's overhang or back wall.
- Vinyl Clad Exterior - The entire exterior of the bay or bow is clad in color coordinated PVC vinyl.
- Copper and Aluminum Roof Clad Kits - The perfect partner to our pre-assembled hip style wood roof! You can now offer a copper or painted aluminum roof without having to hire a roofing contractor.
- Edge Banding - The interior edge of the oak or birch hardwood veneer is available with a finish edge. The finished edge will allow for the interior casings to be installed with a reveal.
- Factory Finish - Bay and Bow frames, casing and window stops are available prefinished.
- Plastic Laminate Interior - Bay and bow frames are now available with a plastic laminate interior. The man-made material provides a maintenance free surface that is scratch resistant and impervious to water. The perfect solution for displaying plants.

## Options and Accessories
