Patio Doors

Patio Door

The EnergyWELD™ vinyl patio door delivers everything you'd expect from a patio door: beauty, elegance, energy efficiency, low or no maintenance, and the latest in gliding door technology. Whether you're building or replacing, look into an EnergyWELD vinyl patio door and feel secure about your choice.

Standard Oak Handle

Solid Brass Handle (optional)

Deluxe Solid Brass Handle (optional)

High quality corrosion-resistant tandem rollers provide smooth and easy operation.

The foot-operated limit lock gives you a lock point that's separate from the spring-loaded handle lock, allowing partial opening of the door for secure ventilation.

A The vertical main frame and door panel extrusions are reinforced with aluminum for added strength.

B Triple weather-stripping where the door meets the main frame: double weather-stripping where door panels interlock.

C TempEST® glass for safety.

D Ultra-welding at the corners transforms four extrusions into a strong, efficient one-piece door construction.

All patio doors come standard with a lifetime glass breakage warranty.
