

Polaris Ultra Stainable Doors

Polaris Stainable door with full Charleston doorlite.

Strength and Durability

Every Polaris Ultra Stainable door is constructed with 22 or 24 gauge inner and outer steel sheets for added strength, durability and security. And since a Polaris Ultra Stainable doors are made with top quality steel, they won't crack, warp, twist or rot. Even denting is more difficult. And that means years of easy maintenance and trouble-free service for you the homeowner.

Polaris Ultra Door's Patented Adjustable Hinge Plate System

Every Polaris Ultra Stainable door is equipped with Polaris patented adjustable hinge plate system that lets you adjust or align your door...up or down, in or out...with the turn of a screw driver. That means time saving installation and a tight fit every time.

Ultra Wood Grain, and Stain

In addition to the strength and durability, of Polaris Ultra Door's, you get the rich texture of a deeply embossed wood-grain surface and the warm beauty of a richly stained finish. It's the perfect combination. *It's Ultra Stainable Doors from Polaris.*

Entry Doors That Welcome You Home

Polaris® unique Ultra Stainable doors have a classic wood-grain texture deeply embossed directly into the steel facing. This wood graining matches the architecturally correct style and rail graining found in real oak doors. A special topcoating is applied that permanently bonds to the steel and accepts stain to give you a real wood look. Your new Polaris Ultra Stainable door can also be painted to match any interior trim.
